Dear Mr. Herzberger:

This refers to the telephone conversation between you and James Mullauer of my staff on February 7, 1997, concerning your Letter of Credit No. 918896A which was received by NRC on December 13, 1996. It is our understanding that this version of your Letter of Credit was not intended for NRC review and was sent to NRC by mistake. Further, it is our understanding that the revised Letter of Credit No. 918896 was labelled Amendment No. 01 to distinguish it from the original submittal that contained errors. As you requested, enclosed is the cancelled Letter of Credit No. 918896A. We will advise you of our review of your Letter of Credit No. 918896, Amendment No. 01 in the near future.

If our understanding is different than yours concerning these matters, please contact James R. Mullauer at (630) 829-9873.
