Dear Ms. Whiston:

Michigan Fruit Canners holds NRC license number 21-24324-01 (expires May 31, 1989) for controlled materials required in K-Ray, non-portable Gauges. At this time NRC is requested to amend license number 21-24324-01. Please refer to the NRC form 3131, application for non-portable gauges completed April 16, 1984.

The need for amendment is the planned addition of two new non-portable gauges to be supplied by Kay Ray Inc. Attached you will find a sketch of the installation and elevation drawings of the new installations. The sketch is identified as Item 15, part 1. The elevation is identified as item 15, part 2.

In addition please note the copy of letters directing amendment fee payment to the NRC in care of Cheryl Phillips at your Washington office.

Please advise if any additional information is required.
