631 Park Avenue
King of Prussia, Pennsylvania 19406

Gentlemen:

Enclosed please find NRC Form 314 to terminate our license before its expiration date as we were advised by Mr. V. Milles of NRC in Washington, D. C..

This low level application license was envisioned to be used for low activity materials for scintillation counting. The method has never been put to use and we have no radioactive substances to dispose of.

Very truly yours,

Applicant Sept 19th
