Gentlemen:

This refers to the special safety inspection conducted by Messrs. S. R. Lasuk and M. A. Kunowski of this office from February 11 through March 6, 1986, of the situation at your former St. Louis, Missouri facility.

The inspection report identifies areas examined during the inspection. Within these areas, the inspection consisted of a selective examination of representative records, observations, independent measurements and interviews with personnel.

We are releasing the enclosed report at this time for your information. You will be notified by separate correspondence of our decision regarding enforcement action based on the findings of this inspection. No written response is required until you are notified of the proposed enforcement action.

In accordance with 10 CFR 2.790(a) of the Commission's regulations, a copy of this letter and the enclosure will be placed in the NRC's Public Document Room.

We will gladly discuss any questions you have concerning this inspection.

Sincerely,

*Jack A. Hind*  
Jack A. Hind, Director  
Division of Radiation Safety  
and Safeguards
