Gentlemen:

Thank you for your letter dated December 3, 1984, informing us of the steps you have taken to correct the noncompliances and deviation which we brought to your attention in Inspection Report No. 50-150/84-01 forwarded by our letter dated November 13, 1984. Your letter states that you will be in full compliance by July 1, 1985. During a telecon with your Mr. Miser on December 12, 1984, he stated that all required surveillances were being carried out at the required frequencies and that the full compliance date was meant to be for the completion of procedure revisions and the construction of a new maintenance schedule board. We will examine these matters during a subsequent inspection.

Your cooperation with us is appreciated.

Sincerely,

"Original Signed by E. Greenman" for
