Subject: Inservice Testing (IST) of Pumps and Valves (SER Outstanding Issue No. 4)

Dear Sir:

Enclosed please find one copy of Seabrook Station's "Inservice Testing Program," dated December 24, 1985 for the staff's review and acceptance. We have also enclosed one copy of applicable P&IDs for the staff's information and use.

This IST program is being submitted in resolution of staff comments made in Sections 3.9.6 and 5.4.12 of Reference (b) and pursuant to our commitments in RAI 210.41 and 210.53. We do anticipate addressing the testing of approximately another 20 valves not listed in this submittal as well as adding some information concerning stroke timing in early February 1986.

Notwithstanding the small quantity of missing information, we believe the enclosed and Reference (c) completes our response to that portion of the above referenced SER outstanding issue involving SER Sections 3.9.6 and 5.4.12. Accordingly, we request that the resolution of these sections be reflected in the next supplement to Seabrook Station's SER.

Very truly yours,

John DeVincentis, Director  
Engineering and Licensing
