

APR 03 1986

Docket Nos. 50-443

Public Service of New Hampshire
ATTN: Mr. Robert J. Harrison
President and Chief Executive Officer
P. O. Box 330
Manchester, New Hampshire 03105

Gentlemen:

Subject: Inspection Report No. 50-443/86-10

This refers to the routine safety inspection conducted by W. J. Lazarus and others of this office on February 24-28, 1986 at the Seabrook Nuclear Power Station, Seabrook, New Hampshire.

Areas examined during this inspection included observation of your February 26, 1986 emergency preparedness exercise and other areas as described in the NRC Region I Inspection Report which is enclosed with this letter. Within these areas, the inspection consisted of selective examinations of procedures, representative records, facilities and equipment, interviews with personnel, and observations of the inspectors.

Within the scope of this inspection, no violations were identified and no response to this letter is necessary.

Your cooperation with us in this matter is appreciated.

Sincerely,

Original Signed By:

Thomas T. Martin, Director
Division of Radiation Safety
and Safeguards
