RE: FOIA/PA 97-156

**MEMO:** On April 28, 1997, I requested information regarding your agency's budget for software. Many agencies have answered my request with either a list of the government credit card holders, or the persons' names who are responsible for purchasing software. This is a satisfactory response to my request. If you can answer my request in that manner, I will withdraw my original request.

Sincerely,

*Connie Brooks***In case of incomplete transmission, please call the number above.**
