RE: AMCSF-P/85-0075

Gentlemen:

Forwarded are four copies of the U.S. Army Material and Mechanics Research Center's request for renewal of Source Material License Number Material SUB-238. The request is for possession and use of uranium-238 for alloy fabrication and use in research, development, and prototype purposes and thorium oxides for high temperature vacuum melting.

All explosive testing using depleted uranium will be conducted under water to contain particulates/aerosols.

Please acknowledge receipt of correspondence on DA Form 209, Mail Reply Card.
