Gentlemen:

VIRGINIA ELECTRIC AND POWER COMPANY
NORTH ANNA POWER STATION UNITS NO. 1 AND 2
INTERMEDIATE RANGE NUCLEAR FLUX TRIP

Our letter dated February 14, 1985 (Serial No. 523A) requested an amendment to the Operating Licenses for North Anna Units 1 and 2 to revise the setpoint for the Intermediate Range nuclear flux trip. As a result of several telephone conferences with your staff, we have decided to withdraw our February 14, 1985 amendment request, and to submit a revised request addressing the issues and concerns raised in your staff's review. We are currently planning to submit our revised request in April, 1986.

Very truly yours,

W. L. Stewart
