## Topical Reports for Review by the Office of Nuclear Reactor Regulation

Ref: (1) Letter, R. A. Copeland (SPC) to Document Control Desk (NRC), "Transmittal of EMF-97-007(P) and (NP)," RAC:97:002, January 17, 1997.

A letter of the same subject was forwarded to the Document Control Desk on June 19, 1997. The attached Table 1 in the June 19 letter, which lists the topical reports submitted for review by the Office of Nuclear Reactor Regulation, was subsequently found to be incomplete. Table 1 should have included the topical report forwarded to the NRC by Reference 1. Table 1 has been corrected and is attached to this letter. Also again attached is Table 2, which lists those topical reports that SPC intends to submit for review.

Please consider the information contained in the attachments to this letter to be proprietary to Siemens Power Corporation. As required by 10 CFR 2.790(b), an affidavit is attached to support the withholding of this information from public disclosure.

If you have any questions or if I can be of further assistance, please call me at (509) 375-8563.

Very truly yours,

H. D. Curet, Manager  
Product Licensing
