bcc w/enclosure: JDLafleur RDHauber AMGOME JARBiter, GSB File-Israel 1.3

MEMORANDUM FOR: Richard Vollmer, Director

Division of Engineering, NRR

FRUM:

Breech D. Layleur, Jr., Deputy Director

Office of International Programs

SUBJECT:

ISRAELI REQUEST FOR VISIT BY NRC SE'SMULOGIST

I recently received the enclosed letter from Dr. Dan Litai, our Arrangement Administrator with the Israeli Atomic Energy Commission, requesting the services of Dr. Leon Reiter for a period of ten days to two weeks. Essentially, Dw. Reiter would be advising the IAEC on seismo-geological licensing considerations and general seismicity in Israel.

Provided the IACC will cover Dr. Reiter's travel and per diem, and provided the Department of State concurs in this mission, I would like MRC to support this project under the terms of our Information Exchange Arrangement. Can you spare him for such a mission? If you have any questions, please call me.

> JOSEPH D. LAFLEUR DELGINAL BIGNED BY: Joseph D. Lafleur, Jr. Deputy Director Office of International Programs
