CERTIFICATION OF RAILROAD SHIPMENT COVERED BY PRICE-ANDERSON AGREEMENT PACIFIC GAS AND ELECTRIC COMPANY, HUMBOLDT, DOCKET NO. 50-133

The enclosed copies of a Certificate, which I issued November 10, 1969 to PG&E, are forwarded for further distribution in accordance with paragraph 12 of IGM 76 dated November 17, 1966. Also enclosed is the copy of Bill of Lading 95776 provided me by PG&E, which can be further reproduced by Headquarters as necessary. Also enclosed for your information are copies of the correspondence relating to the issuance of this Certificate.

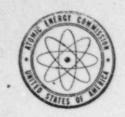

This Certificate certifies that PG&E's fourth shipment of spent fuel from Humboldt to NFS, New York is covered by the Indemnity Agreement and was issued because of a request made by Eastern Railroad Carriers.

CERTIFICATE

This is to certify that (1) "The Radioactive Material" as
defined in U. S. Atomic Energy Commission Indemnity Agreement
No. B-21 includes the source, special nuclear and
byproduct material contained in Shipping Container No. NFS-M-100-1
and described in the attached Bill of Lading No. 95776
to be issued by Northwestern Pacific Railroad;
and (2) subject to the provisions of the Indemnity Agreement
with respect to the interruption of transportation by prede-
termination, the transportation (including handling and
temporary storage incidental thereto) of the aforesaid source,
byproduct and special nuclear material between the point of
origin and the point of destination specified in the Bill of
Lading is "in the course of transportation" as provided in the
Intemnity Agreement.

For the U. S. Atomic Energy Commission
