Dear Dr. Litai:

This is in reference to the documents you have requested from the Nuclear Regulatory Agency. Enclosed please find NUREG/CR-5261 and NUREG/BR-0017. NUREG/CR-5111 and its associated diskettes have not been published, and thus are not available to the public. I believe you have already received a two-volume copy of Title 10 of the Code of Federal Regulations, and the NRC Annual Report for 1988. The 1989 Annual Report is currently in production.

Sincerely,

/s/
