Division of Licensing and Regulation

PACIFIC GAS AND ELECTRIC COMPANY
HUMBOLDT BAY REACTOR
INSPECTION CONDUCTED ON OCTOBER 18, 1962
LICENSE NO. DPR-7 (DOCKET NO. 50-133)

LR:BJR

The report of the inspection visit made on October 18, 1962 was discussed with Mr. R. H. Wilcox, R&PRSB, on December 3, 1962. Reportedly, as of the inspection date, the plant is 98% complete; 64 of the 110 preoperational tests have been completed and 19 tests were nearing completion.

Since no items of noncompliance were noted, no enforcement action appears appropriate.
