Dear Herb:

I would like to express my appreciation for the outstanding cooperation and consideration given to Sy Block by Harry North prior to and during Harry's inspection visit at Humboldt Bay during the week of May 19, 1975. Sy came back with a glowing report on the inspection procedure and the manner in which it was conducted. As a result of this experience he is most enthusiastic about this part of our program for interaction with I & E.

I would like to thank you for your support and encouragement of this program.

Sincerely yours,
