SUBJECT: ALLEGATION NRR-90-A-0015

This is to document our telephone discussion held on May 30, 1990. In the Allegation Review Board Summary of a meeting held on May 4, 1990, paragraph 11.(1). Counterfeit Parts required confirmation of licensee response to NRC Bulletin 88-17, "Nonconforming Molded-Case Circuit Breakers". New Hampshire Yankee submitted responses to the Bulletin on March 31, May 31 and August 11, 1989. New Hampshire Yankee is preparing a response to Supplement 1 Bulletin 88-10 issued on August 3, 1989.

The Bulletin and the Supplement are expected to be closed by the NRR Vendor Branch as part of the routine bulletin closure process and documented in a future inspection report. I understand that for the purposes of the allegation panel, this issue is closed and no further resident inspection is required.

If there are any questions concerning this issue, please contact me at 603-474-3580.
