As a result of the Project's efforts, however, "finding the information is
as well as primarily benefiting the general public," 5 U.S.C.
552 (b) (7) (D). GAP is a non-profit, non-partisan public interest
organization concerned with government or open government. Through public
outrage, the Project promotes whistleblowers as agents of government
accountability. Through its Environmental Whistleblower Clinic, GAP offers
assistance to local public interest and citizens groups and intervenors
in the concern for safety at nuclear power plants.

We are requesting this information as part of an ongoing monitoring project
of the NRC's efforts to protect public health and safety at and near
nuclear processing plants and radioactive waste facilities.

justification of your grounds for claiming each exemption, explaining why
each exemption is relevant to the document or portion of the document

We look forward to your response to this request within ten (10) working
