Mr. Robert O. McClintock, Section Chief  
Materials Radiological Protection Section  
United States Nuclear Regulatory Commission  
Region 1  
631 Park Avenue  
King of Prussia, Pennsylvania 19406

Dear Mr. McClintock:

RE: LICENSE NO. STB-954  
DOCKET NO. 040-07849

I would like to have clarification of the following point: According to the license, I am permitted to purchase Thorium Nickel Alloy of which the Thorium content is not more than 4% by weight or a total of 320 lbs. contained in any one Nickel unit as purchased.

I trust that you will refer this information so that I can be guided on my future proposals on offerings of this type of material.

Thanking you for your courtesy....

Cordially,

M. PASHELINSKY & SONS
