Dear Bill,

Enclosed with this letter, you will find a copy of the Airport Commissions letter which gives the Metropolitan Police Department the go ahead to proceed with the Driver Training Range.

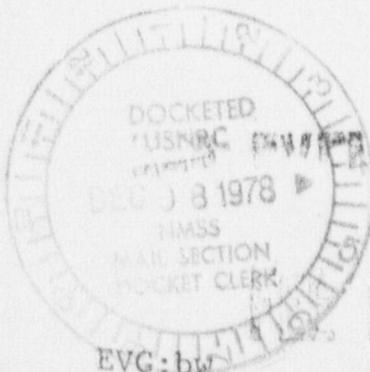

Now that we have received this final approval for our project, I now can approve the proposal to move the fill from the Lattie Road Site in Hazelwood, Missouri to the #50 Brown Road Site in St. Louis County, Missouri. This fill will be placed in accordance with our previous conversations and the engineering plans that were discussed with your agency's consulting engineer when we conducted the on site inspection.

In addition, I would appreciate if you could send me a copy of the engineering proposal concerning the relocation of this fill to the Brown Road Site.

If I can be of any further assistance, please contact me.

Yours truly,

Edward V. Graves,
Sergeant, Special Programs
Manager
Greater St. Louis Police Academy
