Dr. Paul Aebersold
Chief, Isotopes Division
Oak Ridge National Laboratory
Post Office Box P
Oak Ridge, Tennessee

Dear Paul:

In connection with some of the experiments which we have in mind, it appears that we could use a rather strong alpha source to good advantage.

I do not know whether or not as a part of your radioisotope distribution program you have made provision for sources of this kind. Any information which you can give me will be much appreciated.

Cordially,

Philip N. Powers
Director, Atomic Project
