Post Office Box E  
Oak Ridge, Tennessee

Gentlemen:

I wrote you on June 9 requesting a resume of the AEC rules concerning the purchase, distribution and the handling of radioisotopes for customer services.

Since I have not heard from you, I would like to find out if perhaps my letter has been misplaced or was lost en route. I am very anxious to receive these rules and if you could possibly expedite a reply to my letter of the 9th (assuming it has reached you) I would be most appreciative.

Thank you for your help.

Sincerely,

A. H. Schlesinger, Manager  
Creative Technical Services
