Attention: Ms. Pat Bacharlon

Dear Ms. Bacharlon:

In accordance with conditions of our NRC License No. 48-17480-01, it is necessary to request and obtain an appropriate amendment if a change in ownership of our organization is planned. On July 23, 1987, I spoke with you explaining that a change in ownership is taking place, but there would be no change in Company name, management would remain the same, and enforcement of NRC regulations and requirements would be the responsibility of the same individuals.

Because of the continuation of company name, management, and responsibilities, I was advised that no amendment to our license would be necessary. The purpose of this letter is to document the conversation and ensure a proper transition in ownership with no violation of NRC regulations. If any further actions would be required on our part, please don't hesitate to contact me. Thank you for your assistance in this matter.

Sincerely,

WISCONSIN INDUSTRIAL TESTING, INC.
