Dear Mr. Spangenber:

SUBJECT: FIRST TEN-YEAR INTERVAL INSERVICE INSPECTION PROGRAM EVALUATION  
FOR CLINTON POWER STATION, UNIT 1 (TAC NOs. 62990 and 66523)

The Illinois Power Company submitted the First Ten-Year Interval Inservice Program for Clinton Power Station, Unit 1 for staff review on November 7, 1986. The staff has evaluated this program and concluded that the program is in compliance with the requirements of 10 CFR 50.55(g) and is acceptable.

Relief from the inservice inspection requirements is granted for Relief Request Numbers 4001, 4002 and 4003 and denied for Relief Request Numbers 5001 and 5002 for Clinton Power Station, Unit 1 pursuant to 10 CFR 50.55a(g)(6)(i). This relief is authorized by law and will not endanger life or property or the common defense and security and is otherwise in the public interest given due consideration to the burden upon the licensee that could result if the requirements were imposed on the facility.

Our Safety Evaluation report is enclosed. For further information or clarification, please contact Janice A. Stevens at (301) 492-1397.

Sincerely,

Original Signed by/

Daniel R. Muller, Director  
Project Directorate III-2  
Division of Reactor Projects - III  
IV, V and Special Projects
