

State University of New York at Buffalo

NUCLEAR SCIENCE AND TECHNOLOGY FACILITY

July 25, 1978

FILE RE:

George Lear, Chief
Operating Reactors Branch #3
Division of Operating Reactors
United States Nuclear Regulatory Commission
Washington, D. C. 20555

Dear Mr. Lear:

Following Mr. Charles C. Thomas' acceptance of a post with Los Alamos Scientific Laboratory in New Mexico, I have been asked by the University here to serve as an Acting Director of the Nuclear Science and Technology Facility, effective immediately.

Also, Dr. Andrew W. Holt has been appointed Acting Dean of Graduate and Professional Education. The former Acting Dean, Mr. Charles M. Fogel, has been appointed Acting Executive Vice President of the University. The mailing address for Dean Holt is the same.

I would like to take this opportunity to thank you for the kind cooperation and the support which you have given us in the past, and would like to assure you that the operation of the Facility will be carried out with the maximum efficiency. Your invariant support in the future will be very much appreciated.

Sincerely yours,

W. Y. Chon
Acting Director
Professor of Nuclear Engineering
