IN RESPONSE REFER  
TO FOIA-78-68

Dear Mr. Johnson:

This is in further response to Mr. Foley's letter of March 8, 1978, in which he requested, pursuant to the Freedom of Information Act, access to NRC's Inspection and Enforcement report numbers 50-245/77-29 and 50-336/77-28 and the accompanying notice of violation relating to security problems at the Millstone Nuclear Power Station.

In Mr. Donoghue's letter of April 21, 1978, he indicated that the licensee considered documents 3 and 4 of Appendix A as commercial or financial information pursuant to 10 CFR 2.790(d), and the documents were withheld pursuant to Exemption (4) of the Freedom of Information Act (5 U.S.C. 552(b)(4)) and 10 CFR 9.5(a)(4) of the Commission's regulations. Mr. Donoghue also informed you that if it was subsequently determined that documents or any portions thereof could be released, we would let you know.

The NRC has now determined that portions of these documents may be released and copies of the documents are enclosed. The deleted portions of the documents continue to be exempt from disclosure.

Sincerely,

J. M. Felton, Director  
Division of Rules & Records  
Office of Administration
