

SAFEGUARDS INFORMATION

JAN 15 1988

Docket Nos. 50-206, 50-361 and 50-362

Southern California Edison Company
San Onofre Nuclear Generating Station
P. O. Box 123
San Clemente, California 92672

Attention: Mr. H. E. Morgan
Station Manager

Gentlemen:

This acknowledges the receipt of your letters, dated May 29, and August 7, 1987, by which you transmitted Revisions 15 and 15A to the San Onofre Nuclear Generating Station Physical Security Plan, dated August 30, 1983. We have determined that portions of these plan changes are consistent with the provisions of 10 CFR 50.54(p) and are therefore acceptable. However, as indicated in the enclosure, certain other portions do not appear fully consistent with the provision of 50.54(p). Accordingly, you are to follow your previously approved plan in regard to these items. Resubmit corrected plan pages as necessary to maintain plan continuity.

Changes in Revisions 15 and 15A found not fully consistent with 10 CFR 73.57 were discussed telephonically between A. McQueen of this office and R. Beatty at San Onofre on January 4 and 8, 1988. It was then indicated that a physical security plan Revision 15B was in preparation and that it would be revised to withdraw changes pertaining to implementation of provisions of 10 CFR 73.57. It was further indicated that requirements of 10 CFR 73.57 are implemented by site security procedures.

We were informed that one other change submitted is the subject of continuing correspondence between Southern California Edison (SCE) and the Office of Nuclear Reactor Regulation (NRR) and that they will respond directly to SCE regarding that change.

Should you want to pursue revising the security plan with respect to the changes set forth in the enclosure, you should resubmit under the provisions of 10 CFR 50.90.

The enclosure to this letter contains Safeguards Information which is required to be protected against unauthorized disclosure in accordance with 10 CFR 73.21.

The enclosures to your letter contain Safeguards Information of a type specified in 10 CFR 73.21 and are being withheld from public disclosure.
