Gentlemen:

Please find enclosed five (5) copies of Revision 1 to the AlChemIE physical security plan for AlChemIE Facility-1, CPDF. This revision incorporates NRC comments received on February 24, 1988.

In that the safeguards requirements have not been finalized between NRC, the Department of Energy and AlChemIE, Section 19.0 Nonproliferation Controls, has been omitted. Additionally, Section 18.0, Security of Automatic Data Processing Systems, is currently undergoing revision, and therefore, has not been included with this submittal. It is our intent to finalize Sections 18 and 19 by April 8, 1988.

In accordance with 10CFR2.790(d) the security plan is submitted as proprietary. Should you have any questions please contact Mr. W. A. Pfeifer at AlChemIE, Inc.

Sincerely,

ALCHEMIE, INC.
