NRG PUBLIC DOCUMENT ROOM

Mr. Samuel J. Chilk  
Secretary of the Commission  
U.S. Nuclear Regulatory Commission  
Washington, D.C. 20555

SUBJECT: PACIFIC GAS AND ELECTRIC COMPANY  
(Diablo Canyon Nuclear Power Plant,  
Units 1 and 2) Docket Nos. 50-275 and 50-323

Dear Mr. Chilk:

We appreciate your invitation of October 20, 1978, to submit comments on the matter of cross-examination of consultants to the ACRS at licensing proceedings. We are pleased that the Commission will consider this matter on a generic basis since we agree that it is a top-level policy question and an individual licensing board may or may not be aware of all considerations. Our plea is that this matter be decided as soon as possible.

Sincerely,

*Elizabeth S. Bowers*  
Elizabeth S. Bowers, Chairman

and Licensing Board
