MEMORANDUM FOR: Dr. Henry Myers, Science Advisor
Subcommittee on Energy and the Environment
Committee on Interior and Insular Affairs
United States House of Representatives

FROM: Fred Combs, Congressional Affairs Officer
Office of Congressional Affairs

SUBJECT: LIST OF FALSE MATERIAL STATEMENTS FROM MISSISSIPPI
POWER AND LIGHT

At your request, I've inquired as to the existence of a list of all errors committed by Mississippi Power and Light in its application for a license for Grand Gulf. I could not find a comprehensive list. However, to the extent that the utility identified errors in the technical specifications in an April 19, 1984 letter, and that any enforcement actions now under consideration by NRC would identify specific acts, there should be partial listings of false material statements.
