SNM-23, Amendment No. 9

Texas Instruments, Inc.
Materials & Electrical Products Group
ATTN: Dr. John W. Ross
Manager, Energy Products
Attleboro, Massachusetts 02703

Gentlemen:

In accordance with your submittal dated July 20, 1978, and pursuant to Title 10, Code of Federal Regulations, Part 70, Condition No. 19 of Special Nuclear Material License No. SNM-23 is amended to include your decommissioning and financial plans. Accordingly, this condition shall read as follows:

Condition 19. At the end of plant life the licensee shall decontaminate the facility and site in accordance with the general decommissioning plan submitted in the enclosures to the letter dated July 20, 1978 so that the facility and site can be released to unrestricted use. The financial surety arrangement, to assure that funds will be available for decommissioning is hereby incorporated as a condition of the license.

All other conditions of the license shall remain the same.

The above condition was discussed with your Mr. F. Sherman and Mr. N. Ketzlach of my staff.
