Gentlemen:

In accordance with Appendix A, Technical Specifications, the Monthly Operating Report is submitted for Unit 1 and Unit 2 for the month of February, 1988.

Also submitted is a revised Unit Shutdown and Power Reduction Sheet for Beaver Valley Unit II for the month of January, 1988. It was necessary to change the duration of event number 1 from 0 hours to .1 hours so as not to confuse the reported shutdown with a power reduction. This change also prompted a change in the duration of event number 2 from 118.1 hours to 118.0 hours.

Very truly yours,

J. D. Sieber
Vice President
