Northeast Nuclear Energy Company  
Millstone Nuclear Power Station, Unit No. 3  
Independent Corrective Action Verification Program

United States Nuclear Regulatory Commission  
Attention: Document Control Desk  
Washington, D.C. 20555

Following the NRC approval of Sargent & Lundy's (S&L) Audit Plan for the conduct of the Independent Corrective Action Verification Program (ICAVP) and the NRC's selection of the first two systems for review, a public meeting between the NRC and S&L was held in S&L's Chicago offices on June 12 & 13, 1997 to discuss the boundaries of the Tier 1 system reviews. A number of issues were raised and resolved regarding the extent of the review for the systems which interface with the selected systems. As a result of these discussions the Audit Plan and a number of Project Instructions and Checklists required revisions.

Enclosed for the NRC approval are the following documents which have been revised to reflect the agreements at that meeting:

- Audit Plan, Rev. 3
- PI-MP3-01, Rev. 2
- PI-MP3-02, Rev. 3
- PI-MP3-11, Rev. 3
- CK-MP3-02-06, Rev. 1
- CK-MP3-03-11, Rev. 2
- CK-MP3-05-02, Rev. 1
- CK-MP3-05-03, Rev. 1
- CK-MP3-05-04, Rev. 1

We are proceeding with the review based on these revised components of the project manual. You may direct any questions to me at (312) 269-6078.

Yours very truly,

D. K. Schopfer  
Vice President and ICAVP Manager
