Gentlemen:

Thank you for your letter of February 23, 1988, in response to observations made by the Regulatory Effectiveness Review (RER) team during their January 11-15, 1988, visit to the site. We have reviewed your request and find it responsive to the concerns raised by the RER team. We concur with your maintenance tests intended to enhance your CCTV system. We will review the implementation of your corrective actions and the compensatory procedure in effect during the testing period at a future inspection.

Sincerely,

**Original Signed By
