Re: Byproduct Material License Amendment #49-10982-02

Dear Mr. Cain:

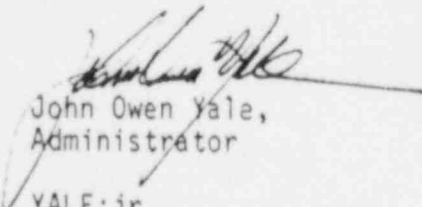

Please do not give up on us. I feel that in the next 10 days we can get this matter cleared up.

I have met with Dr. Lindemann and he assures me that he is, in fact, our Radiation Safety Officer and as of this date, is responsible for the proper maintenance of our Radiation Safety Program. He further advised me that he is meeting with his attorney (hopefully in the next three days) for his advice regarding his remaining as, and his liability for, his position as R.S.O. for this hospital. I will advise you immediately upon his advising me of his decision.

I also met with Dr. Landreth and he advises me that he will, in fact, completely cooperate with our Radiation Safety Program.

Thank you for your continued patience and cooperation.

Yours truly,

John Owen Yale,
Administrator
