

UNITED STATES  
NUCLEAR REGULATORY COMMISSION  
WASHINGTON, D. C. 20555

JUL 31 1980

MEMORANDUM FOR: Leonard Cobb, Executive Officer  
for Management and Analysis, IE

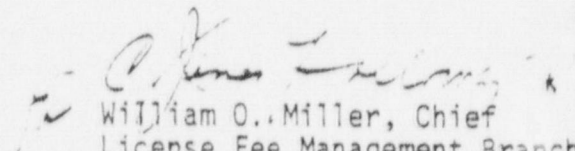

FROM: William O. Miller, Chief  
License Fee Management Branch, ADM

SUBJECT: PAUL YANG AND ASSOCIATES, NO CURRENT ADDRESS AVAILABLE

On November 7, 1980, we sent a certified letter (Enclosure 1) to Paul Yang and Associates (PYA International), 201 S. Lake Avenue, Pasadena, California, advising them that they would be invoiced by CON for the routine health and safety inspection (Enclosure 2) performed by IE on October 11, 1978 for License 04-17827-01G. We were late in sending the letter because IE had not entered the data in the 766 billing system. Prior to sending the letter, a representative of Region V confirmed that the South Lake Avenue address was a current one. On December 15, 1980 we received our November 7, 1980 letter back from the Postmaster marked "Moved, Left No Address." We have checked the official docket file and find that a more current address is not available.

Since the license does not expire until February 28, 1983, we would appreciate your follow-up to determine a more current address so that our letter may be remailed.

Thank you for your assistance in this matter.

  
William O. Miller, Chief  
License Fee Management Branch  
Office of Administration
