ATTN: Mr. Earl A. Borgmann
Vice President Engineering
139 East 4th Street
Cincinnati, OH 45201

Gentlemen:

Thank you for your letter dated November 9, 1978, supplementing your letter of October 17, 1978, relative to the steps you have taken to correct the noncompliance identified in our letter dated September 14, 1978, and IE Inspection Report No. 50-358/78-16 and further discussed in our letter of November 1, 1978.

While we find that the supplemental information provided in your November 9, 1978 letter is appropriate for Item A(1) and Item C, no such information relative to Item A(2) was provided. Therefore, additional information concerning this item was obtained during a telephone conversation on November 22, 1978, between Mr. W. W. Schwiars of your staff and Mr. J. Hughes of our office. Our understanding relative to Item A(2) is as follows: Cincinnati Gas and Electric Company will perform an audit at Sargent & Lundy Engineers to assure that adequate documentation is available for all Class 1E instrumentation; this audit is scheduled for the week of November 27, 1978.

We will examine your corrective action during a future inspection.

Your cooperation with us is appreciated.

Sincerely,

R. F. Heishman, Chief
