Gentlemen:

The referenced letter provided our response to Notice of Violation (NOV) Item A (445/8711-V-02; 446/8709-V-02). In that response we stated that by January 30, 1988, we would provide a description of additional corrective actions (if any) planned as a result of the ISAP VII.a.9 Results Report. Issuance of the Results Report has taken longer than expected. Accordingly our date for providing a description of any additional corrective actions is hereby revised to be no later than March 15, 1988.

Very truly yours,
