Gentlemen:

SUBJECT: ORDER IMPOSING CIVIL MONETARY PENALTIES

This refers to your letter dated July 22, 1986 in response to the Notice of Violation and Proposed Imposition of Civil Penalties sent to you by letter dated June 30, 1986. The Notice of Violation describes violations found during a special NRC safety inspection conducted during the period February 11 - March 6, 1986 at facilities in St. Louis, Missouri that were formerly owned by C-E Glass, Incorporated, a Division of Combustion Engineering.

The Notice of Violation described two violations. In your response you admitted one of the violations, denied the other, and gave reasons why you believed the proposed civil penalties should be mitigated. After careful consideration of your response, we have concluded for the reasons set forth in the enclosed Order and Appendix that the violations did occur as set forth in the Notice of Violation and Proposed Imposition of Civil Penalties and that mitigation of the civil penalties is not warranted. Accordingly, we hereby serve the enclosed Order on Combustion Engineering, Incorporated imposing civil penalties in the amount of Fifteen Thousand Dollars ($15,000). The corrective actions described in your response will be reviewed during a subsequent inspection.

In accordance with 10 CFR 2.790 of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, a copy of this letter and the enclosures will be placed in the NRC's Public Document Room.

The response directed by this letter and the enclosed Order are not subject to the clearance procedures of the Office of Management and Budget, as required by the Paperwork Reduction Act of 1980, PL 96-511.

Sincerely,

James M. Taylor
