Dear Mr. Lackner:

We are in receipt of your October 27, 1987 letter discussing research possibilities at the Ray Point tailings basin. Our office does not have funds available to support research activities. We have, however, forwarded your correspondence to our Division of Low Level Waste Management and Decommissioning, NMSS, in headquarters as shown in the enclosed memorandum. Dependent upon budget and areas of current research, they may be able to consider your proposals.

Sincerely,

GRK fw
