Gentlemen:

Louisiana Power & Light hereby files an application for an amendment to the Waterford 3 Technical Specifications. The proposed change will revise Tables 6.2-1, and 6.2-2 of the Administrative Controls Section of the Technical Specifications. We would appreciate your timely handling of the proposed change in support of the Nuclear Operations organization changes which were recently discussed with you.

The proposed changes do not involve an unreviewed safety question nor a significant hazards consideration. Should you have any questions or require additional information please contact Larry Laughlin at (504) 595-2845.

Yours very truly
