MEMORANDUM FOR: Docket File No. 40-6659

FROM: Gary R. Konwinski, Project Manager  
Licensing Branch 1  
Uranium Recovery Field Office, Region IV

SUBJECT: REVIEW OF ANNUAL LAND USE SURVEY FOR THE  
PETROTOMICS MILL

Pursuant to License Condition No. 19 of Source Material License SUA-551, Petrotomics submitted a report dated December 9, 1987, on the land use within 5 miles of the Petrotomics Mill. Petrotomics reported that there had been little or no change in the land use from those activities described in previous reports.

In general, the current uses of this portion of the Shirley Basin continue to be seasonal grazing of livestock and uranium mining activities. With the December 9, 1987 submittal, Petrotomics has performed an acceptable land use survey which addressed all necessary items and requires no further action by the staff.
