Gentlemen:

SUBJECT: CONFIRMATION OF INSPECTION DATES - PROBABILISTIC RISK ASSESSMENT
(PRA) BASED INSPECTION

This letter confirms February 29 - March 4, 1988 and March 14 - March 18, 1988 as the dates for the PRA based special announced inspection to be performed at your Brunswick facility. These dates were agreed on during F. Jape's visit on December 9-12, 1987. Members of the plant staff and simulator staff indicated that these dates did not present a conflict.

The inspection team will consist of approximately ten inspectors. The inspection will concentrate on the events considered dominant sequences in your facility's PRA.

Please contact our office if there are any questions or comments concerning this special inspection.
