OFFICE OF SECRETARY
DOCKETING & SERVICE
BRANCH

Attention: Mr. Richard H. Strome, Director

Gentlemen,

The Civil Defense budget for the Town of Rye has been presented to, and conditionally accepted by the Board of Selectmen. Pursuant to RSA 107-B:2 the budget is now presented to your office for action as set forth in the statute.

The total amount of the budget is \$20,750.00. This total is made up of two major items. An item of \$750.00 represents the customary Rye Civil Defense budget for maintaining emergency response preparedness to deal with natural and non-nuclear, man-made disasters.

A new item of \$20,000.00 has been added for professional services related to Radiological Emergency Response Plans for Seabrook Station. These funds would be expended for legal counsel to represent the Town's interests in the NRC operating license proceedings, and for independent expert consultant services to assist with formulation of recommendations for changes to the Rye RERP in order to make the level of protection acceptable to the people of the Town.

As noted above the Selectmen have approved these items on the condition that approval of the funding for the Seabrook-related item is granted by the PUC before February 5, 1987. Due to Town Meeting action which prohibits expenditure of Town funds for evacuation planning the Selectmen must otherwise withdraw the \$20,000.00 item prior to the formal Budget Committee hearing which is scheduled for that date.

The Town of Rye requests your cooperation and assistance in expediting this matter before the PUC in order to avoid losing the funding due to the Town's deadline. If I can be of assistance to your efforts please feel free to contact me at any time.

Yours truly,

THE TOWN OF RYE

Dear Mr. MacDonald:

Thank you for your December 29, 1986 letter in which you request \$20,000.00 for professional legal and consultant services related to Radiological Emergency Response Plans for Seabrook Station.

Pursuant to RSA 107-B:2, I will review this request and determine whether appropriate to submit to the Chairman of the Public Utilities Commission. In the interim, I suggest you contact G. Dana Risbee of the Attorney General's Office, or the Civil Defense Agency directly if you have any questions on legal or planning matters related to the Atomic Safety Licensing Board proceedings.

Thank you for your interest.

Sincerely,

Richard H. Strome
Director
