On January 15, 1988 System Energy Resources, Inc. (SERI) responded to NRC Compliance Bulletin No. 87-02: "Fastener Testing to Determine Conformance with Applicable Material Specifications" via letter AECM-88/0012.

During a recent review of the response, a typographical error was discovered in the fastener description for Sample ID No. GGNS-8-SAEJ429 Gr. 5-NSR on the Fastener Testing Data Sheet. On January 21, 1988 SERI contacted Mr. Hugh Dance of the NRC Region II office and informed him of the error. In response to the discussion with Mr. Dance, SERI is submitting the attached corrected Fastener Testing Data Sheet for Sample ID No. GGNS-8-SAEJ429 Gr. 5-NSR.
