Gentlemen:

This refers to the inspection conducted by Mr. L. E. Ellershaw and NRC consultants during the period December 2, 1987, through January 5, 1988, of activities authorized by NRC Construction Permits CPPR-126 and CPPR-127 for the Comanche Peak Steam Electric Station, Units 1 and 2, and to the discussion of our findings with Messrs. L. D. Nace, A. B. Scott, and other members of your staff at the conclusion of the inspection.

The enclosed copy of our inspection report identifies areas examined during the inspection. Within these areas, the inspection consisted of selective examination of procedures and representative records, interviews with personnel, and observations by the inspectors.

During this inspection, it was found that certain of your activities were in violation of NRC requirements, as specified in the enclosed Notice of Violation. A written response to these violations is required.

During this inspection, it was also found that certain of your activities appeared to deviate from commitments made to the NRC, as specified in the enclosed Notice of Deviation. A written response to these deviations is requested.

In accordance with 10 CFR 2.790 of the Commission's regulations, a copy of this letter, the enclosures, and your response to this letter will be placed in the NRC Public Document Room.

The responses directed by this letter and the accompanying Notices are not subject to the clearance procedures of the Office of Management and Budget as required by the Paperwork Reduction Act of 1980, PL 96-511.
