I. SECY-96-021 - Kerr-McGee Chemical Corporation -- Motion to
Dismiss Proceeding and Vacate Underlying Decisions

The Commission, by a vote of 3-0, approved an order terminating this proceeding as moot and vacating the underlying decisions.

The proceedings involved Kerr-McGee's application for a license amendment authorizing disposal of mill tailings by on-site burial at its West Chicago Rare Earths facility. All parties agreed that this proceeding is moot because Kerr-McGee no longer intends to pursue on-site disposal.

(Subsequently, on February 21, 1996, the Secretary signed the Order.)
