Docket No. 50-443

Employee's Legal Project
ATTN: Ms. Sharon Tracy
Director
Post Office Box 633
Amesbury, Massachusetts 01913

Dear Ms. Tracy:

This refers to your letter to me dated September 8, 1987 and to your telephone conversation with Tom Elsasser on September 17, 1987, regarding your planned response to NRC Inspection Report 50-443/87-07. I understand that we should expect to receive your response in approximately 4 to 6 weeks and that you agree that our meeting in King of Prussia should be held as soon as possible after we have assessed any additional clarifications or concerns that you may have. After our receipt of your response, Tom Elsasser will contact you to arrange that meeting.

Regarding the letter from Robin Read dated July 28, 1987, which offers to set up a telephone interview with a former Seabrook Station employee, we have concluded that, based on the information provided by the letter, the specificity of that information and on the information we expect should be available onsite, we should be able to sufficiently review and disposition the concerns without further interview of the individual. Our review of this matter will be documented in a routine resident inspection report, which we will provide to you upon issuance.

Thank you for your cooperation in this matter, especially regarding the offer of the interview. We trust our actions will be responsive to your concerns and those of the individual involved.

Sincerely,

Original Signed By:

William F. Kane, Director
Division of Reactor Projects
