

UNITED STATES NUCLEAR REGULATORY COMMISSION REGION I 631 PARK AVENUE KING OF PRUSSIA, PENNSYLVANIA 19406

Docket No. 030-01972

SEP 1 9 1978

University of Massachusetts Medical School
ATTN: Mr. Christopher Catler
Administrator
419 Belmont Street
Worcester, Massachusetts 01605

Gentlemen:

Subject: Inspection No. 78-01

This refers to the inspection conducted by Mr. B. O'Neill of this office on August 29 and 30, 1978 of activities authorized by NRC License No. 20-13758-01 and to the discussions of our findings held by Mr. B. O'Neill with yourself, Dr. Braverman, and Mr. Bakanauskas of your staff at the conclusion of the inspection.

The inspection was an examination of activities conducted under your license as they relate to radiation safety and to compliance with the Commission's rules and regulations and the conditions of your license. The inspection consisted of selective examinations of procedures and representative records, interviews with personnel, measurements made by the inspector, and observations by the inspector.

Within the scope of this inspection, no items of noncompliance were observed.

From the discussion of our findings at the conclusion of the inspection, it is our understanding that your Radiation Safety Committee is auditing each of your authorized users of licensed materials. The purpose of these audits is to assure that the facilities, personnel, and procedures at all of your authorized users are compatable with continued compliance with NRC regulations and the conditions of your license. We will review the results at the Committee's audits the next inspection of your licensed program.

In accordance with Section 2.790 of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, a copy of this letter will be placed in the Public Document Room.
