Re: Midland Nuclear Power Plant
(Units 1 & 2)

Dear Chairman Miller:

I understand that you are still Chairman of the Board with regard to the construction proceedings in the above-captioned matter.

The Memorandum and Order of the Commission dated November 6, 1978, suggests that some joint consideration may be had on both the operating and construction matters.

I should appreciate some advise on what your views are on this matter so that I can plan accordingly.

Respectfully,

Myron M. Cherry
